Modernize with Windows Server 2022: The cloud-ready operating system that boosts on-premises investments with hybrid capabilities.

*With Windows Server 2022, the Essentials edition is available to purchase from OEMs only, however there is no specific installation media. During the installation of Windows Server Essentials, customers may see Windows Server Standard referenced. In such cases, customers are still licensed for Windows Server Essentials. Lenovo cannot guarantee that 3rd party software applications will correctly work under these circumstances - please check with your ISV first.
